EDUCATION

Computer Science and Engineering

Adama Science and Technology University

07/2021 – 07/2025

Adama, Ethiopia

GPA 3.8 (one of top 5 student in my class.)

Relevant Coursework: Object Oriented Programming (OOP), Data Structures & Algorithms, Design & Analysis of Algorithms, Database Management System, Computer Networking

Africa to silicon valley(Backed by Google)

11/2023 – 10/2024

Addis Ababa, Ethiopia

I am an A2SV student in a program with a strong emphasis on data structures and algorithms. I have solved 800+ problems on LeetCode and Codeforces and participated in 40+ contests.

A2SV placed 60+ students at top-tech companies such as Google, Bloomberg, Databricks, Amazon, LinkedIn, and Square in the last four years.

PROFESSIONAL EXPERIENCE

Frontend Developer

Eskalate(Tech talent connector)

08/2024 – 09/2024

Addis Ababa, Ethiopia

Developed a banking dashboard with a team of 7 people. Improved data fetching efficiency by 25% and reduced response times by optimizing state management with Redux Toolkit Query. Attained enhanced performance and type safety, demonstrated by improved server-side rendering and static site generation, using TypeScript with NextJs. Ensured comprehensive end-to-end test coverage by using Cypress.

Backend Developer

Hamerberhan

01/2024 – 04/2024

Addis Ababa, Ethiopia

Contributed 85% to the backend development of an event-organizing app, supporting ticket purchasing and check-ins via QR code scanning. Used Django for the backend, integrating with payment system and delivering a scalable solution for 8500+ attendees

Web Developer Intern

Backos technology solutions

07/2023 – 09/2023

Worked as a backend developer during a 2-month internship, focusing on Django and database management. Implemented key features to improve data processing and system performance.

SKILLS

• Python, JavaScript, C++, Typescript, Git and GitHub, Figma, Django, React, Next.js

PROJECTS

Curriculum360

A digital resource hub

06/2023 – 09/2023

Developed Curriculum360, a digital resource hub for 500+ students, offering 200+ course books and discussion groups based on the curriculum structure.

Banking Dashboard

09/2024 – 10/2024

Developed a banking dashboard that helps **users** manage their banking services. Collaborated with a team of **7 developers**, implementing Next.js for a highly efficient web app, leading to a **30% improvement** in page load time.

LEADERSHIP AND EXTRA-CURRICULARS

CSEC-ASTU(Computer Science and Engineering Club at Adama Science and Technology University)

04/2023 – present

Adama, Ethiopia

Mentor

Mentored new members throughout their education in the club. Volunteered to the university community by giving DSA tutorials to more than 50 students

AWARDS

ICPC-2024 Ethiopian Colligate Programming Contest (ETCPC)

31/10/2024

ICPC-ETCPC

Secured 10th place with my team on the 2024 Ethiopian Collegiate Programming Competition from 60+ teams.
